

BEAR LAKES
COUNTRY CLUB

Tradition Redefined

ESTABLISHED IN 1984
ENHANCED IN 2018

“Bear Lakes, over the decades, has been known as a ‘golfer’s club,’ with a membership that might have boasted one of the lowest handicaps in Palm Beach County, and a golf facility that has hosted everything from U.S. Open qualifiers to a PGA TOUR Qualifying School to a variety of local and state championships. However, Bear Lakes never lost sight of the importance of family and being a club that emphasizes activities for mom, dad, and kids of all ages. I’m proud of what we contributed to the golf and legacy of Bear Lakes, and I am delighted to witness the club’s evolution for its current and future generations of members.”

— Jack Nicklaus

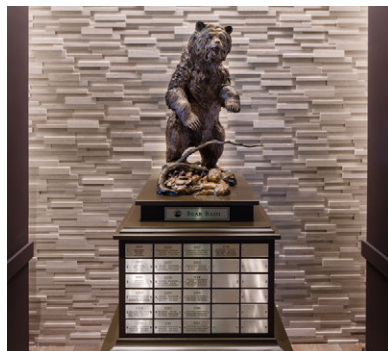

Nestled in the heart of West Palm Beach, Bear Lakes Country Club offers sought-after luxury close and convenient to home.
